

Day 5

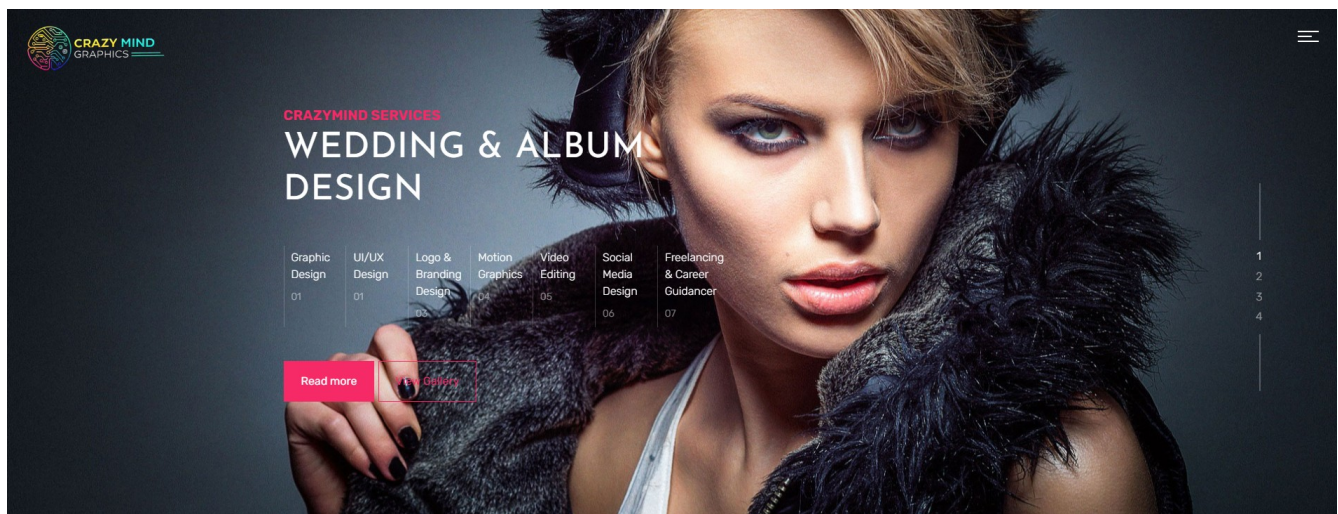

Website

CRAZY MIND GRAPHICS

Introduction

Today I'm going to review this website and give review how to make website enhancing way my making some changes

1 Slides defines the show of the website but over here too much of girls (models) apart from one model remove all the model from the website enhance with the picture of the slide show more images of one model which give the website a trust worthy Apart from view it

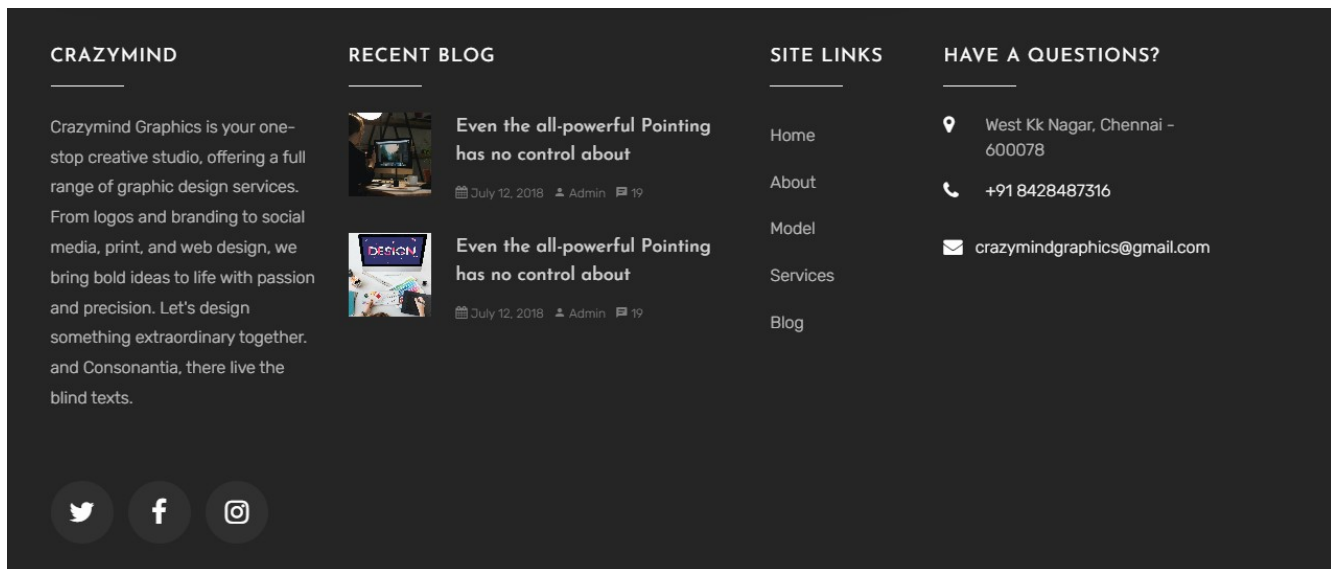

To be Changed

1 Change the model layout and for Wedding album use the traditional

2 Change the template with many models use one model with more image

2 The Social media page link below the website is not working kindly add the proper url below

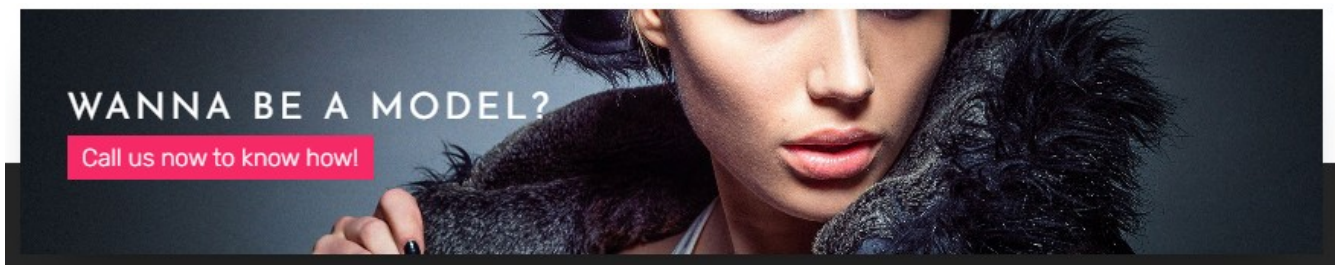

To be Changed

- 1Twitter
 - 2Facebook
 - 3 instagram
-

3 The conduct number mentioned in the templete below the website

(Call Us now to know How!)

Don't have the number in the click kindly include the number in that

To be changed

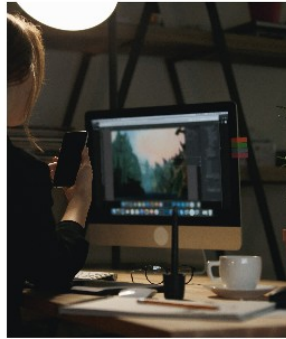

The number should be include in the data base

4 The mentioned click called View more in Blog dosen't follow the click and it is redirecting the same website which not fare , I will change that and add more Collection of the product and explain it
